June Project

Joanie Whitehead is teaching a Wire Wrapped Tassel Necklace. She has had requests for this necklace so it promises to be a very good class. She will demo how to put it together including how to make wire wrapped loops, as students may not finish making the beads in class.

Joanie will have kits in three colorways: black, red and turquoise. You can purchase a three-bead kit for \$25.00 or a five bead kit for \$35.00. Contact Joanie directly with any questions.

From the President's Corner

We are now entering the Bead Retreat time of year. There's Heart of Texas in June, the last Beading in the Ozarks retreat in Branson in the middle of August and Ida's Shreveport Retreat the first week of August. Plus I hear about other retreats that members attend. It's enough to make your head spin.

What I love about retreats is the chance to learn something, even if I don't ever plan to make the project. It's also about sitting at a table with friends and becoming closer through laughter, sharing and talking. It's also a little about all those bottles under the table that make it easier to laugh, share and talk.

Whether you attend retreats or not, we are planning to have a second teacher this year on October 14 and 15. Kiim Stathis will visit Dallas and as soon as we get the details down, we'll leve everyone know. We've heard a rumor that Kim will retire soon and we want to have a workshop with her before she does.

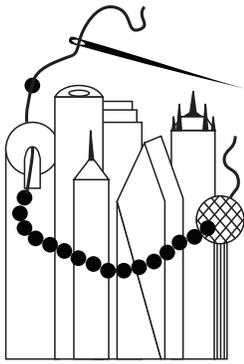

I hope everyone has a great Memorial Day holiday and I look forward to seeing you in June.

Gina Whitlock, President
