April – Member Appreciation

This month we are pleased to have a member appreciation meeting with one of our members, Cheryl Focht, teaching a kumihimo necklace with netting as our project.

A little bit about our Instructor

Cheryl is a Texas jewelry design artist and instructor focusing on the ancient art of Japanese Kumihimo as her medium. Loving both jewelry and art, she feels that they are one and the same. Cheryl started making jewelry as an extension of the art that she has created for several decades. Consequently her pieces are full of color and texture and most always are embellished with beads and crystals to create true works of wearable art. Taking great pride in her fully illustrated color tutorials (some 8 pages in length), Cheryl has produced over 50 tutorials that have been selling internationally for the last 6 years. Cheryl has her studio at home where she holds classes, but also regularly teaches and shares her love of Kumihimo with others at local bead stores, bead societies and at bead retreats in Shreveport, Louisiana; Tyler, Houston, San Antonio, Austin and the Dallas/Ft Worth, Texas areas. She and her husband love to travel and regularly take their motor home wherever Cheryl's classes and/or retreats take her.

Do you know of any events to add to our calendar? We are looking for events to share with our members. Contact Ruth Ann Miller to update events.
